## SUPREME COURT WILL SETTLE SEVERAL POINTS

In order that a speedy definition of the election law pertaining to primary registration can be ascertained Attorney-General Thatcher this morning started proceedings against Judge Keith, registry agent of Carson City, to determine the question of the right of voters to change their party affiliations after they have once registered; also the right of those registering without declaring their affiliation for any party, at a later date to request the registry agent to write after their names the party that they will vote with at the primaries.

The action of the attorney-general has been prompted by the receipt of letters from all over the state stating that many voters desire to change their party and that numerous citizens who had not declared their preference desired to state the party with which they were affiliated at the last general election.

The matter will be hurried to the supreme court for speedy interpretation.—Carson Appeal.

## WILL CONCENTRATE MIDWAY WORK IN NEW TERRITORY

## PRESIDENT BROUGHER DECIDES TO CENTER OPERATIONS OUTSIDE FORMER DISTRICT.

The recent visit of H. C. Brougher, president of the Midway Mining company, was responsible for a highly significant move that is looked upon as one of the most important actions of the district since the day when the company resolved to go away from the original shaft and sink in a section made spectacular by the discovery of the Merger ledge. The recent change was to concentrate development on the new territory and let the old workings go for the present, as it was deemed wiser to bring the entire working strength of the company to one part of the property than to continue spreading over a wide area.

According to the plans adopted by the directors a crosscut will be driven south from the 800-foot point in the new shaft in new territory in the direction of the old workings. The crosscut from the 1-200 will be continued north until the ground has been thoroughly prospected with the object of locating the source of the many bunches of good ore and rich stringers that have been found in that quarter.

Sinking of the new shaft beyond the water level will be left to the discretion of Manager Douglass, who will be guided by the effect of the pumping plant on the Victor in reducing the flow of water. Should it prove that the Victor can control the water in the Midway that company will enter into a contract with the proposed pumping association, including the Merger, Victor, Cash Boy and Extension. The Victor pumps have a capacity of 300,000 gallons daily, which is estimated will be more than equal to the task of controlling the underground flow.

## GOVERNMENT BUILDING WILL COST HALF MILLION

(By Associated Press.) WASHINGTON, July 23.—The house refused to reconsider the action agreeing with the senate on \$500,000 appropriation for San Francisco. This means a government building for the fair.

## FEDERAL OFFICERS SLAIN WHILE SEARCHING HOUSE

## HON. W. FORMAN DISTRICT COURT

This morning Hon. William Forman filed his nomination for the office of judge of the district court with County Clerk Pohl and will make the race at the primaries subject to the Democratic vote.

Mr. Forman is one of the best known attorneys of the state and has gained especial distinction through handling the case against the State Bank and Trust receiver, in which he scored an unqualified victory for the depositors.

Forman was appointed special prosecutor in this case by the attorney-general and from the very inception of the investigation and subsequent conduct of the case has been marked by gains for the people who lost their funds through the closing of this bank.

Mr. Forman was born in Iowa and reared in Missouri and therefore combines the talent of two of the best states in the union. He moved to Tonopah in 1905 and remained here since with the exception of a short time when he was conducting the Oasis ranch, the largest ranch in this part of the country, embracing 4,000 acres. Mr. Forman possesses a fine judicial temperament that qualifies him for a seat on the bench.
